

TREE HUGGER SANTA FE & SANTA FE FOREST COALITION
FREE PUBLIC LECTURE

"Co-existing with Fire
and Challenging
Current Forest
Treatments in a
Changing Climate"

Special guest: Dr. Dominick DellaSala

An internationally known author, [climate scientist](#), and forest ecologist, Dr DellaSala will speak on the *The Ecological Importance of Mixed-Severity Fires: Nature's Phoenix*. He'll discuss the current paradigm shift in the way we need to think about wildfire and ecosystems, as well as the public controversy around mega-fires in a rapidly warming world.

THURSDAY, AUGUST 29, 2019 | 7 P.M.
CENTER FOR PROGRESS AND JUSTICE
1420 CERRILLOS ROAD, SANTA FE
